

# Great Britain's Sea Power Double That Of United States

WASHINGTON, D. C., January 8.—Information now in possession of the American government on the relative strength of the three principal naval powers, believed to be complete, shows the present naval strength of this country to be about half that of Great Britain, while more than double the sea power of Japan. In first line major ships, including battle ships and battle cruisers, the British navy on January 1, 1921, this information shows, numbered 32 vessels of 811,050 tons, while the United States possessed 16 vessels of 435,750 tons, and Japan 10 vessels of 288,325 tons. While capital ships under construction for the American navy, including twelve dreadnoughts and six battle cruisers, to be completed in 1923, will practically offset the British preponderance in this class of vessels, the information shows that the American fleet still will be greatly inferior in types of vessels regarded by naval officers as of the first importance in naval strength. These types include notably destroyer leaders, cruisers and light cruisers, and cruising submarines. Although with completion of the present authorized building program of the two countries, the American navy will have only six battle cruisers as compared with twelve for that of Japan, it will more than maintain a hundred percent superiority by virtue of its greater number of battleships and supplemental types of war craft. The American navy today has more than double the strength of the Japanese navy and this ratio would be maintained even with the completion of the building programs of the two countries. The United States will be far superior not only in capital ships but also in destroyers and submarines. Japan, however, will have double the number of battle cruisers, now possessing four such vessels with eight others projected, while the United States has none completed and only six building. Without reference to second line ships of which Great Britain has a preponderance, the British navy contains at least ten times as many ships of 12-inch caliber or larger and displaying 20,000 tons or more. The United States has 16 such vessels, Japan 6, France 7, and Italy 4. Great Britain has no first line battle ships under construction, while the United States has 11, Japan 7, France 4, and Italy 4. The British easily holds the advantage in battle cruisers, with six first line vessels and four others classed as "second line". The United States has none completed and six under construction. Japan 4 in service and 8 projected. France and Italy have none. (Continued on Page Six)

## France And Britain To Force Germany To Disarm Civil Guards

### Invasion Of Ruhr Valley Contemplated

PARIS, January 8.—Decision as to the methods to be employed in forcing Germany to disarm her civil guards is all that remains to be arranged between the British and French governments, says the Excelsior which quotes an "important diplomatic personality" at the French foreign office as its authority. The two governments are declared to be in accord as to the absolute necessity of demanding an effective execution of the German agreement to bring about disarmament.

WASHINGTON, Jan. 7.—Through its embassy here France has informally notified the United States of the contemplated invasion of the Ruhr Valley because of the alleged failure of the German government to affect disarmament there.

It was learned today that the state department had not conveyed to the French government any intimation of the attitude the United States would take. It is known, however, that officials have not altered their opinion that such action would be inappropriate and not calculated to improve the future relations between the allies and Germany.

PARIS, Jan. 7.—The French government has decided to insist upon strict fulfillment of the Spa agreement concerning coal deliveries by Germany. It was officially announced today that the reparations commission recently called the attention of the German government to a shortage of German tons in deliveries up to the end of the year.

The German reply, just received, says Germany will be unable to make up the deficiencies in the ensuing three months as requested by the commission, that the effect of the large coal deliveries on the economic situation is being studied.

### BASIC PRICE OF CRUDE OIL TAKES A TUMBLE

PITTSBURGH, PA., January 8.—The price of Pennsylvania crude oil, on which is based the price of other crude oils in this country, was today cut from \$6.10 a barrel to \$5.75 a barrel. This is the first reduction in crude oil for a number of years and is brought about, the principal purchasing agencies said, by a decreased demand.

The readjustment of the crude oil market was extended to other grades as follows:  
Cabell, \$4.21 a barrel; Somerset, \$4.00; Somerset light, \$4.25; Rayland, \$4.25.

### Police Barracks Attacked; Relief Ambushed

DUBLIN, January 8.—The police barracks at Tramore, County Waterford, in the martial law area, were attacked last evening and a military party which was sent to the relief of the police was ambushed near Tramore, it was officially stated today.

After heavy fighting, says the statement, the members of the ambushing party were dispersed, leaving three dead. It is believed, adds the statement, that the attacking force suffered other casualties, one soldier was wounded in the attack at the barracks, the attack upon which was repulsed by the police.

### Adventurer To Remain In Fiume

TRIESTE, January 8.—Gabriele D'Annunzio, it is alleged, intends to remain in Fiume. This statement is based mainly on reports that he has sent to Venice for a large wardrobe of civilian clothes and has requisitioned one of the largest villas in Fiume.

While most of the legionaries are leaving, according to program, the poet's company guards are proving troublesome, being unwilling to surrender their arms.

### Liberty Motor Car Firm To Increase Force

DETROIT, MICH., January 8.—The Liberty Motor Car Company, that has been operating with a decidedly curtailed staff, announced today that it would re-employ several hundred additional men January 17. The action will mean increased production by several automobile plants, factories here, it was announced.

### 'DEVIL ANSE' HATFIELD, NOTED FEUD CHIEF, DIES

HUNTINGTON, W. VA., January 8.—"Devil Anse" Hatfield is dead! The famous leader of a famous feud clan died Thursday night at seven o'clock at his home on Main Island Creek, Logan county. He was eighty-four years old. He had been in ill health for six months, but the immediate cause of the end was pneumonia, from which he suffered only a few days.

All of his children with the exception of one daughter, were beside him at the end. Dr. Elliott Hatfield, a son, who practices medicine in Charleston, and Dr. Heathman, of Omar, attended him during his illness.

Funeral services Sunday. Funeral services are to be held at the Hatfield home on Main Island Creek Sunday afternoon at three o'clock. Indications are that it will be the biggest funeral in the history of Logan county, as word from Omar, the nearest town, received last night, said: (Continued from Page One)

### ATTORNEY IS SLAIN BY MILLER

LOUISVILLE, KY., January 8.—Sam R. Baird, 48, acting county attorney of Shelby county, and former county judge of Spencer county, was shot and killed at Shelbyville today in the home of R. L. Prewitz, 51, a retired flour miller, as he was descending the stairway in the Prewitz home. Feeling against Prewitz caused officials to bring him to Louisville for safekeeping.

Mrs. Prewitz, who was separated from her husband, contemplated bringing an action for divorce. She asserts that with Baird, her attorney, she had gone to the Prewitz home this morning to secure some of her personal effects and that during a controversy between the two men, Baird was shot. Prewitz claims he believed Baird was armed and asserts that he shot in self-defense.

### Former Pastor Arrested On Charge Of Violating The Mann White Slave Act

This photo of Rev. Cornelius Densel and Miss Trina Hamberg is said to have been taken while they were on their elopement.

PASSAIC, N. J., January 8.—The Rev. Cornelius Densel, former pastor of the First Netherlands Reformed church here, was arrested today on a federal warrant charging violation of the Mann White Slave Act.

The arrest was the result of the alleged elopement of the clergyman with Miss Trina Hamberg, of this city, a former member of his church, and member of the choir, during which it was charged they visited New York, Buffalo and other places.

Two civil actions have been brought against the Rev. Mr. Densel by Miss Hamberg and her parents as a result of the elopement.

### Wife Starving Self To Force Husband To Turn Evangelist

DANVILLE, ILL., January 8.—For the first time since his wife, 40 days ago, began fasting, in an attempt to induce him to abandon his produce business and join her as an evangelist in her religious faith, Ernest S. Harrington today admitted he was worried over her condition.

"I thought she was only bluffing when she started," he said, "and would soon give up her foolish notion, but I now see she is determined to go the limit. But I am just as determined as she is. Lawyers have informed me that I cannot be prosecuted in the event her fast results in death. I have done everything to induce her to eat except to join her church, and I won't do that."

Harrington said the only religion he knows is the golden rule, and does not believe it necessary to have any other.

He is receiving many letters, some praising his wife's attitude, others from persons congratulating him for not yielding. One woman informs him her husband threatens to emulate Mrs. Harrington unless the writer joins his church.

Relatives deny that Mrs. Harrington has a high fever, as has been rumored, but admit she has grown much weaker and is more restless.

### COAL PROBE REQUIRED; PRICES WERE EXORBITANT

WASHINGTON, D. C., January 8.—Evidence as to prices charged the government for coal in 1920 submitted to the department of justice by the senate committee on construction appears to warrant, "even require", investigation, Assistant Attorney General Nebeker announced today.

If the facts developed in the committee investigation before the evidence presented, Mr. Nebeker said, prosecutions would be instituted and pressed to the limit.

The committee's report, Mr. Nebeker added, contained a list of more than a score of coal concerns which were withheld pending investigation.

On the face of the report, he said, it would appear that prices charged the government were exorbitant to a degree, and that prosecution would lie under the Lever act for profiteering.

### MARYLAND MAN IS NEW TREASURER OF NATION

### E LOPEERS ARRESTED; HUSBAND TO PROSECUTE

ST. LOUIS, MO., January 8.—Paul Pierre Authier, of Highland Park, Illinois, and Mrs. Charlotte Franzen, of Madison, Wisconsin, with whom he ran away last Tuesday night, were in jail here today awaiting removal to Highland Park.

Authier, according to the police, has signed his willingness to waive extradition and return to face charges growing out of his elopement with Mrs. Franzen.

Both Authier and Mrs. Franzen deny the allegations of the woman's husband that she was "stolen at the point of a pistol." They also deny that Authier forced Franzen to give him a check for \$100, with which to pay for the "honeymoon."

A charge of grand larceny in connection with the check has been filed against Authier and in a second warrant he is charged with deserting his wife and baby in Highland Park.

The search for the couple, which started Tuesday, was ended early here this morning when detectives located Authier and Mrs. Franzen at the home of a newspaper man, where, it was said, they had been taken for an interview.

They admitted their identity and Mrs. Franzen, the police said, related the circumstances leading to their departing from Madison. Authier confirmed her statements.

According to the police, Mrs. Franzen stated she and Authier had never been married as they were reported to have told her husband, but they had been acquainted for a number of years. Several days ago, she said, Authier came to their home in Madison, told Franzen of their mutual love and asked him to allow Mrs. Franzen to leave with him.

Franzen is said to have agreed and when Authier stated he had no money, gave him a check for \$100.

### Bitter Fight Made On The Political Group

BY ROBERT T. SMALL (Copyright, 1921, by Times Pub. Co.)  
MARION, O., Jan. 7.—While on the surface everything has appeared placid in Marion the last week it can be stated that beneath this calm surface there is an upheaval which threatens to wipe out the entire tentative cabinet slate Senator Harding has laid in mind.

There has come what might be termed a sort of cabinet cataclysm and it would seem to involve everybody mentioned for office from Charles E. Hughes down to Will H. Hays.

The President-Elect today appeared to be as far away from a definite decision as to the membership of his official family as he was three or four weeks ago. All of this is due to the fact that every time a man had been mentioned for a particular post in Marion dispatches, that man has been subjected to a bombardment of criticism.

This criticism, it may be stated, has not applied in the case of Mr. Hughes. His selection as prospective Secretary of State has met with almost universal approval. The difficulty with Mr. Hughes is said to be that he has not yet told Senator Harding whether he will accept the post. It is not an easy matter to pick a Secretary of State. The man desired for such a position must be a man of affairs and before entering the cabinet must have time to arrange these affairs so they can be taken care of while he is in public office.

There is reason to believe an effort will be made to get a decision from Mr. Hughes one way or the other within the next day or two, and it is (Continued on Page Six)

### Coal Operators Issue Statement

WILLIAMSON, W. VA., January 8.—The following statement was issued today on behalf of the Williamson Coal Operators' Association:

At the end of the sixth month of the strike, coal production is practically back to normal, according to a statement issued today by the Williamson Coal Operators' Association.

To be precise, the production in the entire field for the month of December was 94 percent of normal.

Within the strike-infected portion of the district, which includes Mingo county, production was advanced during December of 176,045 tons as against 155,809 for November, being an increase of 40,707 tons.

The statement also shows that there were 2,602 men on the pay rolls. December 31, within the strike portion of the district, as against 1,827 on the last day of November, an increase of 775. With this number of workmen on the pay rolls the officials of the coal association claim that more men are now at work than on July first, when the strike became effective.

There are only three mines in the Williamson field that are not now producing coal. It is stated at operator's headquarters. Two of these are now making preparations to start up and will be sending coal within a few days. The third mine, worked during December, the output for the month would have exceeded the average normal production.

# MOVEMENT TO FILL VACANCIES ON CENTRAL COMMITTEE DEFEATED BY HARPER FACTION

## YOUTH TELLS WHERE HE GOT LIQUOR, ARREST FOLLOWS; BROTHERS FINED

Floyd Turner and Arthur Turner, brothers, of 1022 Franklin avenue, arrested Friday night on charges of unlawfully manufacturing intoxicating liquor in violation of the Prohibition Act, appeared before Squire William McManis at a session of court held at the jail office Saturday afternoon and pleaded guilty. The accused men were fined \$500 and costs each, and having

no funds to pay were committed to the county jail.

The arrest of the two men came about in a peculiar manner. Roy Corie, aged 10 years, stepson of Floyd Turner, became suddenly ill while attending the Highland school Friday afternoon, and in the investigation which followed, the lad's illness was traced to his having imbibed too much

intoxicating liquor.

On being questioned by the officers, he said that he had partaken of liquor at the Turner home during the noon hour and his statement led Sheriff Hickey and Deputy Harry Dunham to search the Turner premises, where they found more than a gallon of high proof moonshine liquor, the product of

a still constructed of a wash boiler with a wagon coil installed in a beer keg as the cooling system. Several gallons of mash was also uncovered and this was destroyed, but the still and liquor were confiscated.

The Corie youth was locked up at the juvenile ward of the county jail, but was later released.

The Moulton-Harper wing of the Republican organization won hands down and with ease at the meeting of the Republican Central Committee, at the headquarters of the party at the Masonic Temple Saturday afternoon.

The test came when an effort was made to fill certain alleged vacancies in precincts which have been divided. Committeeman W. H. Lieve, of South Webster precinct, started the ball to rolling. He offered a resolution that the following be appointed as committeemen: First Ward, G. Benjamin Bratt; First Ward, Dr. P. W. Young; Second Ward, G. William Eichelberger; Third Ward, P. Charles Knowles; Third Ward, G. Earl Clark; Fourth Ward, F. John F. Eckhardt; Fourth Ward, Joseph T. Mickelthwait; Fourth Ward, G. Frank Klefer; Fourth Ward, Judge N. B. Gilliland; and New Boston, Dr. W. G. Cheney; Harrison, B. Levi Elliott; and Washington, A. Charles Briggs.

A point of order was made by Mr. Moulton who held that the Central committee did not have authority to fill these positions as there were no vacancies. Chairman Bennett held differently and offered as authority a communication from Attorney J. T. Mickelthwait. Before proceeding on the motion the question of the eligibility of Perry Hellerbride, who had moved out of Precinct B, New Boston, was taken and it was decided from all angles and finally was put to the committee which held that he was eligible by a vote of 36 to 12 not voting.

A vacancy being noted in Third ward D, the name of George Bauer was placed in nomination by the Eckhardt wing and George Sampson by the Moulton-Harper interests. A roll call was taken and Bauer was elected by a vote of 26 to 19.

The original motion as offered by Committeeman Lieve was then placed before the committee and resulted in the defeat of the motion by a vote of 23 ayes and 27 nays. The vote was received with great applause by the supporters of the Moulton-Harper wing.

F. W. Moulton, as chairman of the executive committee, then read his report and offered the names of the following women which he recommended for appointment as members of the executive committee: Mrs. Mayne Reer; Miss Edna Strickland; Miss Inez Starcher; Miss Emma Cramer; Mrs. Frank Walker; Mrs. Effie M. Walker; Miss Nan Spencer; Mrs. Florence Hutchins; Mrs. Albert Weghorst; and Mrs. E. M. Geunty. These women were elected by a rising vote, and the meeting adjourned.

There were no endorsements made or offered at the meeting.

**Farming in Alaska.**  
In the Tanana valley, the chief farming district of Alaska, the average annual rainfall is only about 12 inches, which would ordinarily make dry-farming methods appropriate, but the first few crops raised after a tract has been cleared in this region get plenty of moisture from the melting of subterranean ice. In the course of a few years, however, the ice recedes to a depth of six or seven or more feet, and no longer supplies moisture to the crops. It is then necessary to use machinery which will not only pack the soil a few inches below the surface and thus hinder evaporation, but also maintain a surface mulch of loose soil, which further checks evaporation.

**Neglected Sons; Taxed Costs.**  
Jay Gambell, 2111 Sixth street, appeared in probate court Saturday to meet a charge of neglecting his three sons, Leonard, aged 14 years; Russell, aged 12 years; and Homer, aged 5 years. Hearing on the complaint resulted in a conviction of Gambell and Judge Gilliland taxed him the costs and ordered the defendants released on his promise to do better in the future.

**Evidence adduced at the hearing tended to indicate that Gambell not only neglected but absolutely refused after repeated warnings to send the youths to school.**

### COURT HOUSE

Mrs. Lyon Granted Decree

Gertrude Lyon, shoemaker, 1022 Robinson avenue, was granted a divorce from Everett Lyon, shoemaker, 2118 Eleventh street, by Judge Thomas in Common Pleas court. The decree was granted on the ground of neglect, and the wife was awarded custody of their only child, now aged 14 years, and the defendant was ordered to pay her \$10 a week alimony. The plaintiff told the court that Lyon deserted her and her child in July 1918, at a time when she was sick and helpless. Lyon admitted that he had not lived up to his marriage contract, and in explanation of his conduct said that he became "peevish" because the plaintiff persisted too much in going home to Mauma, which, he said, resulted in him leaving her, he said.

The court in granting a decree told Lyon he had a misconception of his obligation to his wife. The plaintiff was represented by Attorney E. G. Miller and the defendant by Attorney Guy Blair.

**Officials Back Home.**  
Auditor Roy H. Coburn and Deputy Leslie Ketter returned Friday night from Columbus, where they attended a meeting of the County Auditors' Association, which was called for the purpose of considering taxing matters.

**Leave Given To Buy Auto.**  
Application of the County Commissioners for authority to buy an automobile for the use of the sheriff and commissioners was granted by Judge Thomas after a hearing in Common Pleas court Friday. The court in granting the authority called attention to the present industrial depression and the scarcity of funds and suggested that as a matter of economy a good secondhand machine might be found that would meet the purpose. The court also allowed the application of the trustees of Brush Creek township to transfer \$125 from the road to the general fund to cover a deficiency in the latter fund and the application of the Madison township trustees to transfer \$500 from the poor fund to the hawk fund to pay bounty claims, was approved.

She says they were married Sept. 11, 1915, and through Attorney J. L. Thompson alleges that Cornett has cursed and abused her and declares that he ordered her to leave his home. Furthermore, she asserts, he is fond of associating with other women.

**Lacy Case Dismissed.**  
An entry of dismissal in the divorce suit of Cleveland Lacy, furniture worker, 111 Gay street, against Sarah B. Lacy, Mason county, Ky., was filed in the office of the clerk of courts Saturday. Judge Thomas refused a decree after hearing the evidence in the case.

**Penrose Fights INCREASED TAXES, DESPITE ILLNESS.**

## MANY PRISONERS ARE ARRAIGNED

Nine persons of the 22 indicted by the recent grand jury were arraigned before Judge Thomas in common pleas court Saturday morning and of these six pleaded not guilty and will stand trial, while the others admitted guilt and were sentenced.

George Deering, aged 20 years, automobile mechanic, Cincinnati, and Scott Nelson, aged 21 years, machinist, Columbus, pleaded guilty to driving away Chris Heer's automobile on the night of December 1, without the owner's consent, and Judge Thomas sentenced the pair to the Mansfield Reformatory. The young man claimed they took the machine for a joy ride and not with the intention of stealing it, but the court thought otherwise, declaring that it was a plain case of theft and that there were no extenuating circumstances. The only security the public has as a guard against such acts is a strict enforcement of the law. Judge Thomas said in commenting on the crime were sweeping the country, and which he asserted must be checked. The court in passing sentence, admonished the prisoners to obey the rules of the prison so as to win the confidence and good will of the officials and gain their release by good conduct at the earliest possible time.

The defendants took the Heer car from Fifth and Washington streets, and drove to Ironton, where they were apprehended by the authorities

of that city the same night.

Willbur, alias Roma Johnson, aged 19 years, colored, pleaded guilty to a charge of larceny and was sentenced to the reformatory. He admitted stealing \$45 left under a pillow on December 17, by a guest at the Washington Hotel, where he was employed at the time, as a houseman. The money was later found concealed under a rubber floor mat near the room from which it was taken.

Peter H. Scott, aged 50 years, contracting carpenter, of 1013 Twentieth street, appeared with his counsel, Attorney E. W. Moulton, and pleaded guilty to an indictment charging him with shooting with intent to kill, Mrs. Isabel Stephenson, of 1800 Jackson street, at her home on the night of December 21. The accused was released on \$1,000 pending his trial.

Harvey Powell, colored, pleaded not guilty to a charge of shooting with intent to kill his stepfather, George Woodman, on the night of December 5. His bond was fixed at \$500 in default of which he was remanded to jail. The accused will be defended by Attorney T. C. Beatty.

Bond was fixed at \$500. Attorney Joseph T. Mickelthwait will defend the accused.

W. S. Wiley, Seventh and Broadway streets, appeared and pleaded not guilty to a charge of gun toting. Wiley is accused of pulling a gun on Chief Distel at the time of his arrest by the officer on a moonshining charge on the night of December 16. The accused furnished a new bond in the sum of \$500, and was released. He was represented by Attorney F. W. Moulton.

John G. Neal, New Boston, pleaded not guilty to a charge of rape upon 12-year-old Flossie Truitt, New Boston, on October 10, and he was released under his old bond. He will be defended by Attorney R. F. Kimble.

Louis Webb, aged 15 years, pleaded guilty to a charge of failing to provide for his legitimate child, aged six months, but when the court was advised that the indictment covered a period of but the last four weeks, and that the charge grew out of the defendant's inability to secure employment, he was allowed to change his plea to not guilty. Webb was represented by Attorney T. C. Beatty.

Daniel Morris, who was indicted for alleged failure to provide for his legitimate child, was not asked to make a plea but having no funds the court appointed Attorney F. T. Moreland to defend him.

Mrs. Christian F. Nagel

After a several months illness of complications and heart trouble Mrs. Christian F. Nagel answered the final summons at her home, 725 Third street at three o'clock Friday afternoon, Jan. 7. She had been bedfast most of the last three months and her condition had been so serious the last few days that her death did not come unexpectedly to her loved ones.

Mrs. Nagel was formerly Miss Mary Speth. She was born August 8, 1859, in Ober-Essingen, A. N. Wurtemberg, Germany. At the age of 17 she came to this country alone and in November 1892, she was united in marriage to Christian F. Nagel at Louisville, Ky. To this union one child, Christian Nagel, Jr., was born.

The bereaved husband and son are left to mourn the death of a good wife and kind and loving mother. She also leaves her mother, Mrs. Crescent Speth, two brothers and three sisters in Germany. A letter was received from the mother just a few days ago. Since locating in Portsmouth, Mrs. Nagel had many friends who will mourn her death with genuine sorrow.

Mrs. Nagel was a faithful member of the First Evangelical church of this city. She was also a member of the Home department, the Ladies Aid Society and the Relief Society of the church. In her work she made a host of friends by her kind and cheerful disposition and it is with deep regret these acquaintances will learn of her death.

Funeral services will be held from the home 725 Third street at ten o'clock Monday morning with Rev. Samuel Lidenmeyer of the First Evangelical church in charge. Burial will be made in Greenlawn.

**Mrs. Amanda Wiley**

Mrs. Amanda Wiley, wife of Moses Wiley, died Friday evening at 9:30 at her home on Long Run, after an illness of complications. She was an estimable woman and leaves a host of friends in that community where she had resided for the past fifteen years. She was 64 years of age and is survived by her husband, Moses Wiley, and the following children: Escom, this city; William, and C. H., of Huntington; Alfonso at home, and Mrs. Bessie Hale, of New Boston. Funeral services will be held at the late home Sunday morning at 10 o'clock by Rev. Phillips, of Leesville. The body will be shipped to Paintsville, Ky., Monday for burial.

**John Hammond Funeral**

The funeral of John Hammond who died Friday at his home at Union Mills will be held Sunday morning at ten o'clock from the home with Walter Bagby of the First Christian church in charge of the last rites. Burial will be made in Rush-town cemetery.

**Mrs. William Bentz**

The body of Mrs. William Bentz arrived here yesterday from Dayton where she passed away at her home and was taken to Richards and Reeg's undertaking establishment. Later it was sent to the home of her mother, Mrs. Adam Rivers, of Buena Vista. The deceased was thirty-four years of age and is survived by her husband, William Bentz, her mother, Mrs. Adam Rivers, two brothers, Adam and George, and one sister, Pearl, of Buena Vista.

**Big Attendance Wanted**

At big attendance is wanted in the Henry Clay Johnson Bible class at Allen Chapel Sunday school tomorrow morning. The men's class has taken this name and hope to build up a big attendance before going into the new church, Waller and Twelfth streets. The late Henry Clay Johnson left considerable wealth which was bequeathed to Allen Chapel and this money helped materially in providing for the A. M. E. church.

## MISSING GIRLS FOUND

Birdie York, aged 17 years, 2523 Gallia street, and Ruth Campbell, aged 16 years, Mabert Road, who have been missing from their homes since last Monday, were found Saturday by Patrolman Thos. Brannan at a house on Eleventh street where they had been hiding.

The girls were sent to juvenile court on delinquency charges and following a hearing Judge Gilliland released them on the payment of costs and on their promises to return home and behave themselves. The court ordered the girls to refrain from associating together in the future.

**Porcupine No Mean Feat.**  
Dogs have to be well used to the work of hunting porcupines or they have no chance. A porcupine will stop suddenly in full flight and as it stops, instantaneously reverse engines, and come charging full backwards. The best dog I ever had, a bull terrier, was killed by this trick. He was absolutely without fear and simply threw himself upon the advancing animal of spikes, and was in consequence speared right through the heart. I can assure you hunting porcupines is not at all a sport to be despised.—Exchange.

**Blowing Cork Out of Bottle.**  
Place in the neck of a wide-mouthed bottle a cork considerably too small for it and try to blow it in the bottle. Instead of going in it will generally fly out. The reason is that the blowing compresses the air in the bottle and this, receding like a spring, drives the cork out. To succeed, the experiment must be tried with bottle and cork perfectly dry, so that one will not stick to the other.—Exchange.

**Wireless Waves Bent by Coast Lines.**  
It has been suspected for some time that electric waves are refracted by the shore lines of large bodies of water. Recent observations bear out the theory and seem to prove that the amount of refraction varies with the length of the wave and the angle at which it crosses the shore. This is to be classed as one of the late discoveries, as it was not generally known during the war.

## Brothers In Fight; One Held To Grand Jury

Clyde Cook, aged 35 years, arrested by the police Saturday morning on a charge of assault with intent to kill his brother, Thomas Cook, pleaded guilty when arraigned in Municipal court.

and Judge Small sent him to the grand jury under \$500 bond.

The charge grew out of a fight between the brothers, which occurred at their home on Front street, near Madison, early Saturday morning and which terminated when the defendant whacked his brother over the head with an iron poker, inflicting a three inch scalp wound.

## ELECT NEW C. OF C. DIRECTORS

### Mrs. Tracy Seriously Ill

Mr. and Mrs. Charles F. Tracy of 812 Waller street were called to Columbus Friday by the serious illness of Mrs. Joseph T. Tracy. Charles Tracy and Joseph T. Tracy are brothers.

Joseph T. Tracy is the new state auditor and will assume the duties of this office January 10.

### Wrestling Match Tonight

Tonight at 8 o'clock a well balanced athletic program will be given in Wilhelmette hall with Asa Henderson as the manager of the show.

The program will include a wrestling match between Henderson and "Speck" Burris. Both these young men know how to handle themselves on the mat and it will be a match worth seeing.

Three boxing bouts will also be on the program. The first one will be between Fletcher Pace and Roy Blair. The second between George Alexander and Jimmy George.

The third match will provide lots of fun for it will be between two colored lads, Ben "Seven" Hamilton and George Hatfield.

## Wives Of C. of C. Members Are Invited To Banquet

Members of the Chamber of Commerce are invited to bring their wives to the annual C. of C. banquet to be held next Thursday evening in the Solby factory banquet room.

Entrance to the Solby factory is on Seventh street and not on Sixth as was carried on the invitations.

Arrangements have been made to have a flashlight picture taken of the banquet group.

A party of B. and O. officials will visit this city Wednesday night and Thursday will be in attendance at the banquet.

## Dokies Present O. Y. Coriell With Jewel; Then Enjoy Banquet And Delightful Dance

Friday evening in the K. of P. hall fourth and Washington streets the O. Y. K. K.'s held their first big social meeting of the new year, the affair being a big success in every way. Close to 250 members, their families and specially invited friends were in attendance. It was a big night for members of Meenatum Temple, No. 217 Dramatic Order Knights of Khorassan, and they proved themselves real entertainers. The program for the evening included, a program, banquet and dance.

The first part of the evening was given over to the splendid prepared program which included music by Herbert Kaly who presided at the piano, a vocal solo by Miss Cico Hessler accompanied by Mrs. Fonden Ritchie; a sleight of hand performance by Prof. Virgil Jones, and a vocal solo by Miss Esther Gullkey.

After this program the guests were taken to the first floor banquet room where they took their places at well filled tables. The banquet hall was decorated with the lodge colors and patriotic emblems and flags.

The social committee in charge of this part of the program included, G. E. Gullkey, chairman, R. G. Johnston, L. E. Yeager, O. E. Burch, J. E. Kaly, J. O. Kanouse, O. Y. Coriell, Sam C. Miller, T. Gaylord Johnston, Henry Roth, Theo. Bauer, Louis E. Selling, William Wilson, Ora C. Beckman, George Brock, Harry Lemaster, Samuel A. Highfield, E. N. Brady, Edw. Bremer, and Edward Harris, and they performed their duties in a manner that stamped them as real candidates for the waiters and chef's union. The menu included:

Roast Beef With Brown Gravy  
Mashed Potatoes  
Boston Baked Beans  
Slaw  
Cranberry Sauce Hot Rolls Butter  
Apple Pie Ice Cream  
Coffee Tea

The surprise of the evening was not the splendid entertainment provided for the guests but a surprise for Otto Y. Coriell, the hard and earnest working secretary of the order. In a neat speech of presentation Royal Prince Edward Bremer presented to Mr. Coriell a Royal Prince Jewel, a gift any member would be proud to receive. The gift package was neatly wrapped and Mr. Coriell and the guests were in ignorance as to what the gift really was until the package was opened. At first Mr. Coriell thought he had received a cigarette case but on opening the case he found the Royal Prince Jewel.

The evening's pleasures were brought to an enjoyable close with the dance.

## ADMIRAL HOPES OFFICIALS WILL ALLOW HIM TO KEEP SEVEN RUSSIAN ORPHANS

Admiral Newton A. McCully and five of the seven Russian orphans he wants to adopt.

Admiral Newton A. McCully of the U. S. navy arrived in New York recently surrounded by seven Russian children, ranging from three to twelve years of age, whom he hopes to legally adopt and rear in Washington, where he lives. He is a bachelor, but a niece who occupies his home with him will help him with the children, all of whom come from good families. The U. S. immigration officials may prevent him carrying out his plans. They are now considering the length of his bringing the flock to the U. S. Admiral McCully served on commissions in Russia and Constantinople for five years.

## Auto Extension At Ironton

IRONTON, Jan. 8.—Auto license tags will be issued in Lawrence county by Brook Capper, of the Capper Motor Sales Company, and issuance will be begun Saturday morning. The automobile owners of the county are urged to apply to Mr. Capper at once and expedite the movement of the licenses. The state registrar of automobiles has set next Monday as the last day for the securing of license tags, but a slight extension will be granted here.

## South Webster Wins Two Games

The South Webster high school basketball team added two games to their long string of victories Friday night, when they defeated the boys' and girls' teams of the New Boston high school. The boys won by a one-sided score, 49 to 12, but the score of the girls' game was closer, being 20 to 8. The first few minutes of play indicated that the game would be close, but the S. W. H. girls finally started scoring, and the first half ended with the score 11 to 2. Dutiel of the South Webster team was the star of the contest, making 7 field goals. Although the score of the boys' game was one sided, it does not indicate the kind of playing the New Boston five displayed, for they played a fine defensive game and showed unusual pep and staying qualities from the start to the finish. The S. W. scoring machine started early in the contest

and the end of the first half the score gave New Boston 6 and South Webster 26. Cook and Leiva were responsible for the big score, Cook making 29 points and Leiva 14. Newell and Bundy proved to be stars at defense. This is the second contest the South Webster boys have won from New Boston, having defeated them at New Boston December 10, 40 to 10.

# The Yellow Dog

NUMBER TWO

How is a business that must pay out 25 per cent more than it earns going to continue?

Your answer to this question must of necessity be, that it cannot survive.

Well, this is the condition of your street railroad. It is costing the Company 25 per cent more than the gross earning to pay the operating costs and fixed charges, allowing nothing for the stockholders who supplied the money to provide the service.

There is no difference in the operation of a street railroad or any other business be it a grocery, bakery, manufacturing plant, or any other venture where money is taken in for its goods or products, and money is paid out for merchandise or raw materials and the labor for handling or making the products, if the merchant or manufacturer cannot sell his goods at a profit to himself it is only a question how soon he will have to close his doors. How many of our factories would be running on slack time or shut down if they offered their products at 25 per cent less than the manufacturing cost? Perhaps they would all be running full capacity, but that would be a worse condition than to have them closed because our manufacturing plants are the life of our Community and to jeopardize their future in this way would be more serious than a suspension of work.

So it is with the Street Railway; its future is being jeopardized by false economy.

When business conditions improve and a demand for service is made on the street car system to carry our workmen to and from their places of employment the cars won't be there, and some of the people who are making the strongest objection to an increased fare will be standing on a corner cussing the Street Car Company because they are going to be late to their work and lose many times the trifling increase in fare they would be required to pay.

We had as good a car service as any when these abnormal times came, and we were proud of our car service; people who visited our city from other cities remarked favorably about it and were surprised that a city the size of Portsmouth could have the service that was furnished. With the high prices came the dry rot and it is eating at the very vitals of your street railroad and it is not the same street railroad that you used to feel proud of, but it is sick and has that hangdog appearance of a yellow cur. There is only one remedy that will stop this dry rot, and it is important that the doctor apply it soon; that is adequate fare, and when it is applied you will see your street railroad blossom like a flower in the spring, and you will again be proud of your street railroad, and the visitors from out of town will remark about the good street car service we have in Portsmouth.

# MISS DOLLY WISE

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—Will you please tell me what is the market value of the German gold mark? Also, how does it compare with the dollar? Do the banks in Hamburg and Berlin have 20 per cent securities to back their bank notes as is necessary in this country?

The present value of the German gold mark in the United States is \$0.2382. This was also the standard value of the mark in 1918-19. The value of the Austrian krona in terms of United States money is \$0.2928. The present value of the krona is \$0.2928. The present value of the krona is \$0.2928.

Dear Dolly—Will you let a married woman who sees no pleasure in life write a letter to her readers? I have been married ten years and have never been happy because I feel my folks are in the way. They would not let me marry the man of my choice because they did not want to give up their home. I listened to them and have been unhappy ever since. My husband is not good to me and never goes anywhere with me. The only pleasure I get out of life is with my children. Girls listen to one who knows and never marry until you are sure you are not making a mistake. Now I am sure I made a mistake but for my children's sake I will bear the toll and endure the pain.

## Your Manners

**IT IS CORRECT**  
If the services of the ship's doctor are required and a bill is not presented to give him an amount commensurate with the services rendered.  
For a passenger who is asked to contribute his or her talent to the ship's concert to accept it at all convenient.

**IT IS NOT CORRECT**  
To take a magazine or book from another's seat in a railway car without asking permission.  
To monopolize a seat on the rear platform of the observation car.  
To go early into the dining car and remain a long time at the table when others are waiting.  
To use the wash basin when washing the teeth if a special one is provided for the purpose.  
To place bags or personal belongings on the chair in the dressing room aboard a train if other passengers are in the room.

After spending the holidays with his uncle and aunt, Mr. and Mrs. R. S. Pichard of Fourth street, Thomas Jenkins has returned to his studies at the Howe Military School at Howe, Ind.  
Mrs. Felix Haas of Fifth street has returned from a visit to relatives in Cincinnati.  
Mr. and Mrs. M. Lerman and daughter have moved into their newly purchased home at Eighteenth and Oakland avenue.

Miss Alma Patton of Devereux, Ky., is visiting friends and relatives in this city.  
Miss Darline McConnell of Ironton is visiting Portsmouth relatives and friends.  
The annual meeting of the All Saints Parish bids fair to be a most enjoyable function. The ladies of the parish will serve a banquet as a preliminary to the business session. The date for the meeting has been set for Wednesday, January 12. Only adult members are eligible to attend.

Mrs. Mary Marsh of 1727 Offshore street has gone to Springfield to visit with her daughter, Mrs. Donald Sinton. From there she will go to Detroit to visit with another daughter, Mrs. Cleve Dever.  
After attending the wedding of Miss Florence Rieff and Mr. Harold Shumway in Cambridge last Saturday, Miss Edna Hanck of Offshore street spent the remainder of the week with her aunt, Mrs. Frank Allen in Columbus and returned home last evening.

The Glensides of the First Evangelical church will meet Tuesday evening, January 11, for the first meeting of the year, at the home of Mrs. Orville Wallace, 1405 Ninth street. It is hoped that all members will be present to start the New Year right.  
MRS. ROY SMITH, Pres.  
Lester Davis of Campbell avenue was host of the Central L. T. L. meeting last night, when a large number of members attended and planned for a rally to be held at the Terminals, Sunday afternoon, January 16, at which time they will give a demonstration. ## Her Own Career

**THE NEXT DAY**  
Gwendolyn fell asleep on the studio sofa, while waiting for Fern to put in an appearance, but for a full half hour after her return she lay staring into the semi-darkness, thinking over the events of the day and trying to piece things together.  
It was high noon when she awoke and discovered that she was not in her own room. She was very stiff from having lain asleep in all her clothes for so many hours and the sun was shining in at the big windows. Gwendolyn lifted herself up on one arm, and blinked out at the day steadily. Then she remembered the events of the night before, and flung herself back onto the cushions again.  
She wondered if Fern had managed to get any sleep, or if he had another call from his wife by this time, or any of a hundred things had happened. Then she decided to get up and see if Fern was awake.  
She slipped into her cousin's bedroom and found that young person, freshly curled up in her bed, arms flung out above her head, childishly, this perturbed in a happy smile as though memories of the party still chased themselves through her brain. The silk coverlet was lying in a heap on the floor and Gwendolyn bent over and placed it over her quietly.  
Fern threw a sleepy arm into the air and muttered "Polka." Then she relaxed, Gwendolyn stole out again.

## C. & O. Lays Off Employees

BRONTON, Jan. 8.—The anticipated cutting of forces at the Russell yards of the C. & O. came yesterday afternoon, when a notice posted Friday night became effective and which resulted in about 150 men being temporarily laid off. Of the men receiving

a lay-off, seventy were in the car department, among them fifty machinists and the balance laborers and helpers. The round-house force is said to have been cut twenty laborers, five boiler-makers and three machinists, while about twenty-five switchmen and a number of clerks were affected. The men laid off will effect a monthly payroll saving of about \$40,000.

## Has Withdrawn Resignation

The following is clipped from the Christian Standard of Cincinnati of this week. Mr. Webb is the son of D. L. Webb of this city and has many friends here:

"H. H. Webb has been persuaded by

the brethren of First Church, Covington, Ky., to withdraw his resignation, decline the call to Bloomington, Ind., and remain with the Corington work, which has prospered in every department under his leadership."

## Revival At Manly Church

For his text on Friday evening Rev. P. C. Wolf, pastor of Manly church, these "The Religion of the Home." The sermon bringing out the fact that home influences and training remain longer and make a deeper influence on every individual, dealt with the power of the group life of the family—the strongest social and religious unit in the world.

In addition to the fact that the home contains the most sacred group of individuals in existence, the pastor spoke of the tragedy which enters home life when members of the family ignore the fact that God is there.

The degree of religion in the home controls the degree of religion in the world since the family is the controlling factor of the world religion.

There will be no service this evening, the next being held Sunday morning and continuing each evening at 7:15 indefinitely. Special music by male quartette will be rendered Sunday.

Visitors are always welcome.

## TWENTY FOUR YEARS AGO

Mr. and Mrs. John Warheit entertained a number of friends for the pleasure of Mrs. Albert Nuernberger of Williamsburg, Pa.

Milton Thurston, umbrella repairer, was planning to start on a trip around the world, the following summer.

Sanford Lueck entertained a num-

ber of young friends with a stag party.

H. H. Summers was home from a trip in the east for the Drew-Selly Shoe Company.

Mr. and Mrs. Will Reed were home from a visit at Hillsboro.

Prof. W. S. Reynolds of Boston was visiting with R. C. Maddock.

## Revival For Sciotoville

Special revival meetings will begin at the Sciotoville Baptist church Sunday January 30. They will be in charge of Rev. Chas. E. Neighbor, of Elvira, O. At the present he is engaged in special meetings at Distant, Pa. From there he goes to Galeton, Pa., and then to the Sciotoville Baptist church.

Rev. Neighbors is a strong pulpit man, splendid evangelist; is also a splendid singer and cornetist.

The Sciotoville church is to be congratulated in securing the services of such a man for their special meetings.

## COMMUNION AT FIRST PRESBYTERIAN

The Lord's Supper will be administered to the congregation at the First Presbyterian church tomorrow evening at seven o'clock and members received into the church. A large attendance of the membership of the church is expected.

Mrs. Roy C. Lynn will sing at both services tomorrow, which fact will make its own appeal.

In the morning she will sing "The Plains of Peace," by service, Gail's great, soprano solo in "The Holy City"—"God So Loved The World."

Esquimos Regard Life Lightly. The Esquimos, who have not yet come under Christian influence, are said to be filthy and treacherous. They practice polygamy and infanticide, and they kill off the aged and infirm when they are unable to hunt. But the Christian Esquimos are clean and self-respecting, and 75 per cent of them can read and write in their own language.

## Trinity Class Going To Japan

Sunday morning at the Trinity Men's Bible Class, Prof. Appel, the teacher will give way to Mr. Wm. B. Anderson, who but recently returned from an extended trip to the Orient, attending the World's Sunday School Convention at Tokyo, Japan.

Mr. Anderson, who has arranged a special descriptive lecture of his journey will, so to speak, take the class with him over the trip, visiting

sunshiny Japan, quaint Korea, starry China and passing through the rigors of a storm-tossed Pacific whose

behavior made the heartiest of them wince. This lecture is sure to be very interesting and since there will be a great many men in the city who would be pleased to hear it, the Trinity class throws broadcast a general invitation to all men in the city who might care to hear this lecture to visit the class Sunday morning at nine o'clock.

## BILIOUS CHILDREN

Black-Draught, Long in Successful Use, Praised by an Arkansas Mother, "Soon Does Its Work."

Marmaduke, Ark.—Speaking of Theodor's Black-Draught, which from long use in her household has become regarded as "the family medicine," Mrs. Mary E. Hill, of Route 1, this place, says:

"When the children get bilious, I give them a couple of good doses, and when we have sour stomach, headache, or any liver or stomach trouble, we use Black-Draught. It is an easy laxative, and soon does the work. I certainly think it is one of the best remedies made."

Black-Draught acts on the faded liver, gently, but positively, and helps it in its important function of throwing out waste materials and poisons from the system.

In thousands of households Black-Draught is kept handy for immediate use in time of need. Prompt treatment often is half the battle, and will often prevent slight ills from developing into serious troubles.

Its well-established merit, during more than 70 years of successful use, should convince you of the helpful effects obtainable by taking Black-Draught for liver and stomach disorders. Get a package today, and keep it in your house. See that the package bears the words, "Theodor's Black-Draught." NO-111

## Will Sell Buildings

CAMP SHERMAN, Jan. 8.—One hundred and sixty buildings of all types, representing 3,040, 173 board feet of lumber, 16,000 window frames and 175 doors, will be offered for sale at Camp Sherman within the next month. The condemned buildings will be sold as they stand but the government has not yet determined the procedure of sale. The largest of the buildings contain 47,267.5 board feet and are of the barracks type. The smallest of the group to be sold contain 428.5 board feet of lumber and are latrines.

## RHEUMATISM—RELIEF

From Its Dreadful Pains and Aches, Stiffness, Soreness—

Is properly to be sought in a good blood medicine, because authorities say rheumatism is a blood disease; acid has entered the blood, settling in the muscles and joints. That's what makes the sharp, sudden, shot-like pains, causing you to jump and cringe in agony.

Hood's Serraparilla, combines remedies that every physician prescribes for rheumatism, combined with other blood-purifying, tonic and strength-building ingredients in a formula vastly superior in make-up and in curative power. It does give positive relief. Thousands say so. So will you, soon the laxative take Hood's Pills.

## Great Britain's Sea Power

(Continued on Page Two)

Great Britain is credited with two cruisers in service, none under construction, and twenty in the second line; while the United States has none under construction and ten in the second line. Neither Japan, France, nor Italy has any such cruisers built or building.

In light cruisers, Great Britain leads all other nations by a large margin, with Japan second, and the United States a poor third.

Great Britain is shown to be the only nation with any destroyer leaders, having twenty-four such vessels with a speed of thirty knots and up.

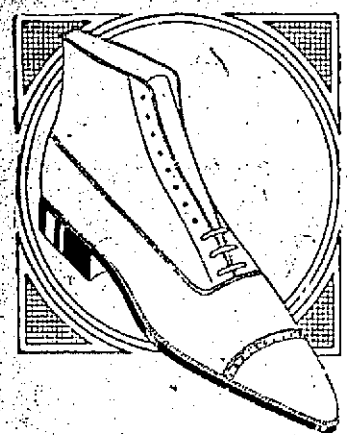

Great Britain maintains a preponderance in both first and second line destroyers. In the first line the British navy has 334 destroyers, Japan 27, Italy 15 under construction and probably thirty others authorized. France, 10 completed and one building, and Italy 10 in service and 11 authorized.

Although the United States is Great Britain's only serious competitor in the matter of submarine strength, there is no evidence in tables of anything approaching equality in this branch of naval strength.

England has 71 first line submarines in service, sixty-six in the second line, 18 first line fleet submarines and 7 second line, one cruiser submarine and two auxiliary type submarines mounting a 12 inch gun, and another building. Against this great undersea fleet of 104 vessels, the United States can oppose a total of 28 submarines of all types. The United States had none of the great monitor submarines mounting 12-inch turret guns either built or building.

The other countries are far behind in submarines.

**TOLEDO GROCERS ARRESTED**  
TOLEDO—John A. Umer, president of the National Retail Grocers' Association, and six other Toledo grocers, were arrested here for alleged violation of city ordinance which requires a license where meats are sold in a grocery store.

## THE ACE

For the particular man who wants stylish, snappy shoes of quality, I recommend the Ace. Made of mahogany, calfskin, over one of the best English lasts, low, broad heel, carried in width AA to E's, 5's to 12's. This shoe has always been an excellent value at \$15, but to replace them for spring delivery they would be eleven and I propose, as always, to give every customer the benefit of my shoe knowledge and experience, so these shoes are now priced at \$11—and there's no stock on price before hand to do this.

distinctly among the possibilities that Mr. Harding may have to begin anew at the very top of his state.

**Fight On Political Group**  
Quite a bitter fight is waging over what may be termed the proposed "political appointments" to the cabinet and in this group would be included Harry M. Daugherty, slated for Attorney General; Will H. Hays, slated for Postmaster General and A. T. Hottel, of Kentucky, slated for Secretary of War or some other post.

Senator Harding had an abiding faith in the human race until he began the task of cabinet building. Since that time his faith has been badly shaken. He has been amazed at some of the reports which have reached him, amazed that men can harbor so much animosity at the jealousy which has been aroused and in some cases at the display of cupidity which has been unfolded to him.

In short, Senator Harding is experiencing already the troubles which come to a President who desires to do the right thing and give consideration to everyone. Mr. Taft when he was here on Christmas Eve warned the President-elect as to what he might expect. Mr. Taft was a center of intrigue almost from the moment his administration began. His good nature was taken advantage of quickly by those who would serve their own ends. It is apparent that Senator Harding's amiability may be misunderstood by some persons, but friends of the Senator insist he can arise in wrath at those who essay and deal unfairly with those who are making no secret of his disaffection.

## Any One "Listening In" Will Be Deprived Of Having Telephone

"Listening in" has become so common on the county party phone lines, as to be practically destructive of the efficiency of the service. In an effort to break up the practice the Portsmouth Telephone Co. has adopted a regulation, that anyone "listening in" will have his phone taken away, on complaint being made. The name of the person complaining will not be made known. The cure is both summary and severe, but the practice has become such a nuisance that some such method is necessary to put an end to it, officials of the company say.

## New Record At Postoffice

Figures show that the business of the local postoffice for December last shows that the month was 25 percent larger than that for some period in 1920, which was the largest in the history of the office. As the Christmas season was considerably lighter than usual for the season, it shows the number of pieces was greatly in excess of previous periods.

## Wilson Plans To Go Ahead

(Continued on Page Six)  
Nations and thus delayed. British officials here say the suggestion was made as a supplementary rather than an alternative proposal and that there was no desire on the part of the Prime Minister to change the spirit of the decision of the League Council to accept Mr. Wilson as mediator.

It is pointed out at the state department that the League Council formally acknowledged Mr. Wilson's message in which he said he could not act for the Government of the United States but only a private individual, and could not of course furnish troops or any other power to back up the decisions he might make.

Mr. Wilson moreover asked for the moral support of all the governments on the council of the League so that his decisions would be backed up. The League acknowledging Mr. Wilson's message replied that it would be glad to have him serve.

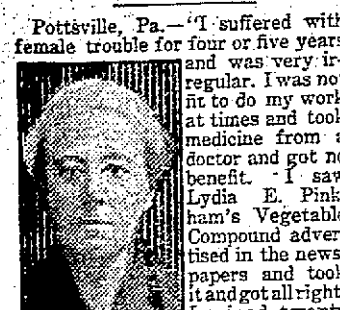

From this exchange of messages of officials here are proceeding on the theory that all is smooth and that the government of Europe fully understand the unique position in which President Wilson is placed by reason of his retirement from office on March 4 by which time of course hardly a beginning could be made in the task of mediation. It is understood that the time being at least, Mr. Morganthau, who will represent the President in the negotiation between the Armenians and Turkish Nationalists will pay his own expenses though no doubt the league of nations will subsequently reimburse him.

May Ask Administration to Continue  
It is not improbable that Mr. Wilson may ask the next administration to continue the work of mediation if the matter requires governmental machinery and cannot be handled as a personal mediation though this is not expected. There have been many instances in which distinguished statesmen and jurists have been requested to act as mediators in international disputes and their governments have been in no way involved. It is the reliance of both sides in the fairness of the individual rather than the physical help of his government which is most desired in mediating disputes.

The President's decision to become mediator was approved pretty generally by the American press irrespective of party on the ground that anything that might be done to help the cause of the Armenian people who have suffered so much would be a step toward solving the near eastern problems where American missionaries have labored so long to stimulate the process of civilization.

## ABLE TO DO HER WORK

After Long Suffering Mrs. Siefert Was Restored to Health by Lydia E. Pinkham's Vegetable Compound

Pottsville, Pa.—"I suffered with female trouble for four or five years and was very irregular. I was not able to do my work at times and took medicine from a doctor and got no benefit. I saw Lydia E. Pinkham's Vegetable Compound advertised in the newspapers and took it and got all right. I gained twenty pounds or more and am now able to do my work. I recommend the Vegetable Compound to my friends and you may use them facts as a testimonial."—Mrs. SALLIE SIEFERT, 313 W. Fourth Street, Pottsville, Pa.

The everyday life of many housewives is a continual struggle with weakness and pain. There is nothing more wearing than the ceaseless round of household duties and they become doubly hard when some female trouble makes every bone and muscle ache, and nerves all on edge. If you are one of these women do not suffer for four or five years as Mrs. Siefert did, but profit by her experience and be restored to health.

## INJURY TO EYE FAILS TO SPOIL GIRL'S SHOOTING

Miss Lida Linere shooting left-handed.

Miss Linere, a thirteen-year-old, was well known as a rifle shot before an injury to her right eye ended her career as a right-handed shot. Determined to remain in the sport she learned to shoot left-handed and gained considerable fame at Pinehurst, N. C. recently.

## TO BUILD BUNGALOWS

The Brierley Realty company has awarded a contract to L. L. Hopkins for the erection of four handsome bungalows in the Traillon Addition.

### Not Much Change

There is not much change in the condition of F. B. Kehoe, president of the Portsmouth Banking Company, who remains very ill at his home on Fourth street.

### We'll Walk, Thank You

The Universal Motor company Saturday delivered two new Ford machines to the police department. They will be used to go after prisoners.

### CARD OF THANKS

We wish to thank friends and neighbors for their kindling words at the services, also undertaker for his kindness and how nice he conducted the funeral. Also kind words during illness and death of my dear son, Harry E. Evans. From, Jan. S. Mother and Family.

### WITH THE SICK

John Radabaugh, of 1209 Gay street, who has been ill for the past three weeks, was removed to Hempstead Hospital, where he underwent an operation. He is getting along nicely. James A. Kirby, of Fourth street, continues to improve from his recent illness. William Jones is ill at his home on Front street. Mrs. Jennie Giles is very ill with inflammatory rheumatism at her home on Twelfth street.

**False and Truth About the Aspen.**  
The aspen leaf is said to quiver because the cross of the crucifixion was made of this wood. The fact is that the leaf is broad, and placed on a long leaf-stem so flexible as scarcely to be able to support it in an upright position. The upper part of the stalk is flattened, and, being at right angles with the leaf, is peculiarly liable to be moved by the faintest breath of air.

Rev. E. J. Meacham, former pastor of the First Christian church of this city, now in the evangelistic field, is holding a meeting for the Westwood church of Cincinnati. This is one of the new churches of the city and Rev. Meacham reports a splendid outlook for the congregation.

### STOMACH UPSET?

Get at the Real Cause—Take Dr. Edwards' Olive Tablets

That's what thousands of stomach sufferers are doing now. Instead of taking tonics, or trying to patch up a poor digestion, they are attacking the real cause of the ailment—clogged liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse the liver in a soothing, healing way. When the liver and bowels are performing their natural functions, away goes indigestion and stomach troubles.

Have you a bad taste, coated tongue, poor appetite, a lazy, don't-care feeling, no ambition or energy, trouble with undigested foods? Take Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil. You will know them by their olive color. They do the work without gripping, cramps or pain. Take one or two at bedtime for quick relief. Eat what you like. Live and be well.

### Hold Inquest In Death Of Wheelersburg Man

An inquest was conducted yesterday by Coroner J. D. Hendrickson at the office of Prosecuting Attorney George D. Sheppard in the case of Benson Litteral, Wheelersburg young

man, whose dead body was found at the rear of the High School building in the village early on the morning of Dec. 16.

An investigation at the time led the coroner to render a verdict that the young man came to his death accidentally, all the facts pointing to the theory that while he was walking around the outside of the building the night before, fell off a concrete wall

in the darkness, a sheer drop of 10 feet. Later foul play was suspected and it was at the instance of relatives that Coroner Hendrickson took up the case and during the hearing held yesterday all phases in connection with Litteral's death, more than 30 witnesses being examined, but there were no new developments to cause the officials to change from the original finding, it was stated.

### Changes In Portsmouth American B. And L.

At the annual meeting of the Portsmouth American Building and Loan Association Friday night, the directors elected the following officers for the ensuing year: George J. Schmidt, president, Edgar P. Draper, vice president, George Sommer, vice president, John W. Bernolt, secretary, Harry W. Miller, attorney.

Edgar P. Draper, Herman Hocks and C. J. Hauck were the directors elected for three years. The hold-over directors are John W. Bernolt, J. Arthur Bode, Harry W. Miller, Albert Graf, George Sommer and George J. Schmidt.

Mr. Draper asked to be relieved of some of his work and Mr. Bernolt was elected secretary. Mr. Draper was

given a vice presidency, this change being entirely satisfactory to both. He will continue in an advisory capacity. Mr. Bernolt has been connected with this financial institution since 1892 and his friends will be gratified to learn of his deserved advancement. The company has declared its usual six percent dividend payable January 15. The year just closed was the best in its history.

### Rev. Taubman's Church In California Collapses

The following is from the correspondence from Southern California to the Christian Standard for this week. Rev. G. F. Taubman was for seven years pastor of the First Christian church of this city and is well known here. Incidentally he has one of the largest, if not the largest Men's Bible classes in the world. The new structure is to be one of the largest church and Bible school plants on the Pacific coast.

George F. Taubman has received multitudes of letters and telegrams expressing sympathy for the First church in the calamity that came to it in the collapse of the great building, almost completed, and offering assistance in its reconstruction. One of the most devoted elders, Bro. McNie, died last week, the papers reporting that grief over the calamity caused his death. The devoted congregation raised about \$10,000 last Sunday to start reconstruction, and is determined to press forward with greater faith.

### Accidents Delay Traffic

Traffic on the Hilltop and Third street car lines was delayed about an hour last night.

The Hilltop car in charge of Motorman Arch Adams ran off the track at the end of the line on Seventeenth street and had to be re-railed.

The Third street car in charge of Motorman C. E. Patrick had to be taken to the barn, the result of a broken flange. The accident occurred near the Viaduct, in the East End.

John Clay, the little son of Mr. and Mrs. Arthur Smith of Eastern avenue, who has been quite ill, is some improved.

Michael, the little son of Mr. and Mrs. O. C. Conley of Eastern avenue, is recovering from a slight illness.

## WHEELERSBURG

The Merry Workers' class of the M. E. church met last evening at the home of Mrs. James Haskins with nine members and two guests present. Music, both vocal and instrumental were enjoyed, after which refreshments were served by the hostess. Mrs. J. B. Lee will entertain the next meeting the first Friday in February.

Mr. and Mrs. Norman Adams have as weekend guest her sister, Miss Jennie Budner of Stockdale.

Mrs. Fred Shelia entertained the Wheelersburg Social Club at her home Thursday afternoon. After an hour of needlework the hostess served dining refreshments. A pleasant afternoon was spent with all the members present except Mrs. Carl Herms.

The next meeting will be held at the home of Mrs. Isaac Ferguson, the first Thursday in February.

Rev. J. B. Hawk, district superintendent, will not be at the M. E. church Sunday morning as was formerly announced, to assist in the administration of the Lord's Supper. He expects to be there on Sunday morning, January 16.

Mrs. Fred Wade and Mrs. W. C. Burns were visitors to Portsmouth Thursday.

Mr. and Mrs. Elmo Ravensburg have returned to their home in Ft. Thomas, Ky., after a visit with Mr. and Mrs. Luther Hall.

## The Markets

### NEW YORK STOCKS

NEW YORK, Jan. 8.—(Opening)—Oils, steels and equipments represented the firm to strong issues at the hesitant opening of today's stock market. Royal Dutch, Crucible steel, and American locomotive registered gains of 1 to 2 points. Many Department Stores, Industrial Alcohol, Corn Products and American Hide and Leather preferred 2-30 improved fractionally with the Pacific division. With the first half hour, however, the list sustained a general setback due mainly to recurrent weakness in Atlantic Gulf. That stock opened at a decline of 1 1/2, which was soon extended to five points. Western Petroleum also was subjected to further pressure.

The short session of the stock market began today with variable advances among favorite shares, but these were cancelled when pressure against shipings, oils and specialties was resumed. Atlantic Gulf fell 6 1/2 points. United Fruit 2 1/2; American International 1 1/2 and oils, steel and equipments 1 to 2 1/2 points. Motors 3 1/2. Efforts to rally the list later under the lead of International Paper and General Asphalt met with little success, a heavy net prevailing at the close. Sales approximated 500,000 shares.

### CHICAGO GRAIN AND PROVISIONS

CHICAGO, Jan. 8.—Trading in grains started bright today and the market showed little change from yesterday's high. Some buying by houses with seaboard connections helped what, first quotations ranging from half cent lower to 1 1/2 higher, with March 1 1/2 to 1 3/4 and May 1 1/2 to 1 3/4. These, however, were followed by slight declines. There was short covering in corn at the outset, but the demand was quickly satisfied by cash houses who sold in small lots. After starting 3/4 to 3/8 higher, with March 7 1/4 to 7 1/2, the market held close to these figures.

At the finish prices were unchanged to 1/4 higher, with May 7 1/4 to 7 1/2 and July 7 1/2 to 7 1/2.

Oats were dull with opening quotations 3/4 to 1/2 higher, including May at 48 1/2 to 49 1/2.

Premiums were quiet and slightly higher, with offerings light.

Wheat developed a better undertone due to persistent buying to remove hedges against export sales, and closed firm, with prices 1/4 to 1/2 higher, including March at 1 1/2 to 1 3/4 and May 1 1/2 to 1 3/4.

# P. H. S. DEFEATS CHILlicothe FIVE

## PENNY ANTE

## "Those Agonizing Minutes."

By playing a fine team defensive game the P. H. S. basketball five last night was enabled to win from the Chillicothe high five by a score of 21 to 19, the contest being one of the most hotly contested high school games staged in the local gym in several seasons. There was never a more exciting time in the P. H. S. than in the last five minutes of play when Chillicothe tried their best to cage one more basket in order to tie the score.

It was one grand game and although the locals expected to make a better showing against Chillicothe they were well satisfied with the victory.

In the last half the P. H. S. boys and some of the fans as well, lost heart when Captain Fred Muller had to leave the floor on account of an injured knee but the locals got their heads together and decided that they would have to play all the harder to score or to keep the visitors from scoring. After the locals had tried a number of times to score they gave up this job and stuck to the work of keeping the Dine and White lads from registering any more points. In this latter plan they were successful, the Red and Blue basketballers fighting every inch of the way during the last five minutes of the contest while the big crowd cheered every second of the time. Ties rent the air when the locals got the ball and louder rolls rang out when Chillicothe shot for a basket and failed.

The locals got in their team work several times and it worked successfully but many other times when it tried the Ross countduns, blocked the plays, Captain Hummel of the visitors although much smaller than Ogier got the jump on the local center, a number of times this play putting a crimp in the P. H. S. scoring machine. Ogier played a splendid game at guarding and passing and added materially in the Red and Blue scoring. The Chillicothe five showed marked ability in passing the ball and many times broke through the five-man defensive and attempted to score. Captain Hummel starred for the visitors, his all around playing stamping him as a basketball player of the first order.

The locals would have ended the game with a much larger margin with more accurate basket shooting. The P. H. S. lads had no less than 17 attempts at baskets in the last half and failed to make any of them good, the ball falling short or rolling off the hoop.

It was the first game of the season for P. H. S. and it took a team of the calibre displayed by Chillicothe to bring out the weak spots in the organization. These weak points will be carefully ironed out in the next week's practice.

The lineup:  
P. H. S. Chillicothe

## Baseball Magnates Gather In Chicago For Important Meet

CHICAGO, Jan. 8.—Baseball magnates from all over the country are arriving for the beginning today of a series of meetings intended to settle the many problems confronting the sport, the most important of which is the new national agreement.

Today and tomorrow the schedule committees of the major league will be in session. It is expected to approve a season of 154 games, opening April 13, with due consideration being given equal division of Sundays and holidays.

The National Association of Minor Leagues will meet Monday; the two major leagues will meet Tuesday, and there will be a joint session of majors and minors Wednesday.

## Selby's Bowling League

In the Selby Bowling League Friday afternoon and evening several surprises took place, that is the teams considered sure winners proved to be sure losers. In the afternoon Marple and his gang commonly called the Tackers dropped one game to the Ink Slingers when everyone thought they were going to take three easy ones. The surprise in the evening was greater yet for Burtrum and his teammates the Turners dropped two games to the Stabbers and they came close to losing the third. The scores:

## Do Not Want Law Repealed

The County Board of Education issued the following statement Saturday: "The Scioto County Board of Education has passed resolutions to send to Representative George E. Matthews and Senator C. K. Patterson, urging them to resist all efforts that may be made to repeal the new school revenue law. All of the senators and representatives of Southern Ohio, which needs financial aid for its schools so much, should be a unit to prevent the repeal of the law."

## Game Is Well Attended

The biggest crowd that ever witnessed a high school basketball game packed the P. H. S. gym Friday night. There were more than 500 persons in the crowd and they certainly got their money's worth in the battle played. The high school took care of several hundred more than usual by arranging bleachers on the sidelines. They are close to the players and give a view of the entire playing court.

The big crowd the first night means that the basketball five will start the season with a neat sum in the treasury.

## .. THE MOVIES ..

See Robert Warwick in "Secret Service" at the Temple Tonight. A Great Photoplay of Civil War Days. Also a Mack Sennett Comedy.

For this Saturday's showing the Temple management has secured one of the famous photoplays of Civil War days. It is one of those Paramount-Artcraft specials with the well-known dramatic star, Robert Warwick, in the title role. This drama, titled, "Secret Service," is a wonderful picture of the days of 1861-65. A story that is as interesting as the history of these few years is unfolded in a manner that makes every one like the picture play. There will also be a new Mack Sennett comedy feature.

## Wheelersburg Lads Cop Game

In the Wheelersburg gym Friday night the Sciotoville high school five was given an unexpected setback, the Wheelersburg quintet winning by a score of 23 to 23. The first half ended 20 to 7 in favor of Wheelersburg. In the second half the Wheelersburg lads played a defensive game, the Sciotoville coming back strong in this half and showing real basketball ability. The visitors seemed lost on the new floor in the first half but settled down after the start of the second half and scored in their usual form but could not run up enough scores to overcome the lead obtained by W. H. S. in the first half.

The W. H. S. lads proved to be accurate basket shooters and caged the ball from many different angles of the court. For Wheelersburg Haffner scored 5 field goals and Smith 4. For Sciotoville Brock made 7 field baskets and Edwards 6 foul goals.

This was the first contest between these two teams in the Scioto County High School League.
